

Your perfect weekend green living with a fusion of Tradition and modernity..

A theme based farm project

GATEWAYTOTRADITIONAL GREEN LIVING

Its time we get back to nature and experience the traditional green life which our earlier generations cherished

Living in harmony with nature at least on weekends will fill the gaps of our present busy urban lifestyles.

Waking up to the morning sun, running in open spaces bare footed, playing our favorite childhood games with our children, looking at the stars with family, sleeping at peace with sounds of nature, will de-stress and rejuvenate both our mind and body.
